GUARANTEE

The Howard-Hickory Co. exercises the greatest care possible to keep its varieties true, and holds itself in readiness to reship any trees or plants that may prove otherwise, or refund the original sum of money paid therefor, if reported to it within five years from date of order. It is mutually agreed that it is not further responsible in any case.

The Howard-Hickory Co. agrees to re-supply at half price, f. o. b. shipping point, trees and plants sold at the within-named price that may die within one year from date of shipment from causes other than abuse or neglect, provided the account is paid promptly, and if the item is then in stock; if not, credit of like amount to be allowed on any other stock selected to take its place.

When you have us do the planting of ornamentals, for which there is an extra charge, any plants that die from causes other than abuse or neglect the first season, when set in the ground, will be resupplied free once, or credited on new selection, f. o. b. Nursery, provided the original account was paid promptly.

RALEIGH

My dear Mr. Howard:

The other morning, as I was passing by the Longview School, I took two little kodaks which I am sending to you. I can't tell you how pleased I was with the nice planting on those grounds. You have done a piece of work which will have its influence throughout the entire State, and I wish to express my appreciation of it.

Sincerely, JOHN J. BLAIR.

Director School House Plans.

To make America more fruitful and beautiful should be the ambition of every loyal Southerner. It can be done if you will help. It does not mean that you must spend a lot of money, but it does mean that you should have some fruit trees and berries in your home garden; that your house be made cooler in summer by some shade trees, and that a few flowering shrubs give color from spring to fall. A little from every one makes a beautiful town for all.

GREENEVILLE, TENN.

Gentlemen:

I write to know if you will have a representative in our city this summer. I want to purchase a bill of shrubbery from a reputable nursery, and Messrs. J. A. Rush and D. D. Park recommend you very highly.

Very truly, D. M. CHASE.
